About Us

Smart Solution and Services.

Our Company working about "Total IT Solution Service and Software". In term of Solution we design System that include Network, Firewall, Server, CCTV, Wireless, NAS, Load Balance, Hotspot.

In term of Services we provide Implementation, Maintenance, Consult, Outsource.

In term of Software we have CMS-SMSs that used to management clinic and Program for management Savings and Credit Cooperatives. We have Engineer Team for support, troubleshoot, on call services, remote services and onsite services

Solution

- ✓ NETWORK SYSTEM
- ✓ SYSTEM INTEGRATE
- ✓ SECURITY SYSTEM
- ✓ SOFTWARE

Network Infrastructure

- We Design Network from customer demands and also suitable budget. for example,
- If customer want to Connect Headquarters and Branch.
- VPN IPsec or SSL VPN is one solution for Connect HQ and BR for low bandwidth usage and low budget. Or
- Leased line, MPLS is also for Connect HQ and BR for high bandwidth usage and also high budget. Include other solution like Wireless System, Hotspot.

Security Infrastructure

- In Security we also Design and configuration the basic Security device for example Firewall, IPS, IDS.

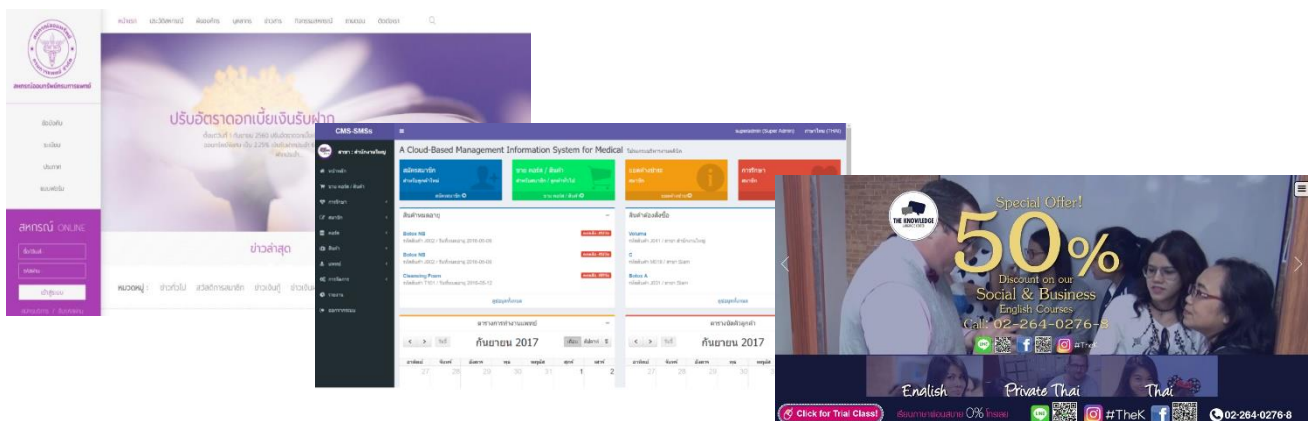

System Infrastructure

- System Infrastructure at this moment Virtual Infrastructure is used in most Organization.
- In Virtual Infrastructure Hardware we use HP, Dell, Nutanix, Lenovo, IBM and Software use VMware, Nutanix, Hyper-V
- We Support Hyperconverged Infrastructure by used Nutanix, HPE or VSAN

Software

- We develop software for management clinic call CMS-SMSs that can access from cloud. and Program for management Savings and Credit Cooperatives.
